Pinole

Women's Initiative is the nation's largest microenterprise training and funding organization. For more than 20 years, we've provided training, funding and ongoing support to low-income women so they can start their own businesses and become economically self-sufficient. The women who go through our program not only significantly increase their income and assets, but also launch businesses, create jobs and stimulate the local economy. For more information, please go to www.womensinitiative.org
